MERCY HILL CHURCH UPDATE

It's been over **two years** since a large portion of our church property was sold and we moved into a temporary space for Sunday morning church until our new church building is built. It doesn't seem possible that more than two years have passed by. There have been **continued delays** from the City of Phoenix in the needed permitting to begin the rebuild of our church.

As we have continued to pray and wait, we have been made aware of another church property for sale one mile from us (also in the downtown Phoenix urban core). **It is a promising option.**

Our pastors and church leadership are seeking the Lord's wisdom in the direction we should move – **build or buy.** As a church body, we are currently in **40 Days of Prayer & Fasting** (Dec 15 – Jan 23) to seek the Lord's wisdom, help, and growth in these important days and decisions. **We covet your prayers.**

YOUTH & YOUNG ADULTS

It has been **a special joy** to open our home and have it filled with youth and young adults of our church family. These gatherings have also given us opportunity to **continue the connections** to our neighborhood. Our hearts feel **great love** for the youth and young adults, while we pray for a **deep devotion to Christ** in each of their lives, and as we keep **reaching out** to the neighborhood where God has placed us.

God uses your partnership to sustain us,
and move us forward into bringing mercy and hope through Jesus.
